Warlike Preparations Proceeding

Great Strike of Glasgow Weavers.

National Associated Press to the Star.

FINANCIAL GLOOM IN LONDON.
London, Oct. 11.—The financial situation
grows very gloomy. The air is thick with
ominous rumors of coming disaster. There
is observable in every direction a strong in-
clination on the part of holders of securities
to sell low, and large holders hesitate
to throw their shares on the market lest
the effect should be disastrous. Joint stock
banks are endeavoring to strengthen them-
selves by cautiously calling in their loans
and realizing upon their securities, but the
process is attended with danger and they
are moving very carefully.

WARRIKE PREPARATIONS.
London, Oct. 11.—A dispatch from Simla
says a council of war is sitting there. The
Afghans are practicing with their artillery
in the Khyber Pass.

ONE THOUSAND WEAVERS STRIKE.
GLASGOW, Oct. 11.—One thousand weavers
employed in Grant's cotton factory, in this
city, have struck work.

TROUBLE AT THE ODESSA BANK.
ODESSA, Oct. 11.—The Cashier of the Odesa
Bank of Commerce has been discovered
to be a defaulter, and the announcement
has caused a panic among depositors. The
amount embezzled is 65,000 roubles, and
stock worth 90,000 roubles. A run has com-
menced on the bank and some \$2,000,000
have been withdrawn.

RIAZAN IN RUINS.
LONDON, Oct. 11.—A dispatch from
Riazan, Russia, gives further particulars of
the great fire there. Riazan is the Capital
of the province of that name. It is situ-
ated on the Oka River, one hundred and
ten miles from Moscow. It has but a small
population, about eighteen thousand, but
it is a Cathedral city, being the seat of an
Archbishop. It has a Theological Seminary,
a High School and a College for Young
Noblemen. The two latter institutions
have been for some time past hot-beds for
Nihilism, nearly all of the students and
some of the teachers being disciples of that
order. The Secret Committee of the Nihil-
ists issued a manifesto a few weeks ago,
explaining the causes which led it to decree
the deaths of the Chiefs of the Holy, who
had been assassinated, and stating that
other acts of vengeance and reprisal would
soon follow.

Printed copies of this manifesto reached
Riazan in considerable numbers, and secret
orders from the Committee are also sup-
posed to have arrived there. The fire which
has laid almost the whole city in ruins, had
every appearance of being the work of the
conspiracy. The flames broke out simultane-
ously in various quarters, and the means
of subsiding them were wholly in-
adequate. The seventy ware-houses de-
stroyed were filled with grain, hops, tobacco,
linen and woolen goods, and articles of
iron and glass-ware. No less than one
thousand dwellings houses are in ashes, and
the populace are in sore distress.

A BLOODTHIRSTY SPEECH.
BERLIN, Oct. 11.—During the debate on
the Socialist Bill Herr Haselmann, Social-
ist, made a bloodthirsty speech, during the
delivery of which there was intense excite-
ment.

Petersburg says that rumors of the Czar's
abdication have been again revived.

BISMARCK NEGOTIATING.
A dispatch from Berlin says Bismarck is
again negotiating with the National Lib-
erals.

GAMBETTA'S ORATION.
PARIS, Oct. 11.—M. Gambetta delivered
an oration at Grenoble yesterday. He said
that the Republic was not opposed to re-
ligion, but he hoped that the electors would
not submit to the yoke of the sacerdotal.

DRAFTING A LIBERAL CONSTITUTION.
LONDON, Oct. 11.—A St. Petersburg dis-
patch says it is stated that the Czar is
drafting a liberal Constitution for Russia.

THE BULGARIANS TO AID THE AMER.
A dispatch from Bucharest says the pa-
per published in that city state that the
Bulgarians are raising an army of six thou-
sand men to proceed to Afghanistan to fight
the English.

PROHIBITING LOTTERY TICKETS.
BERLIN, Oct. 11.—The Government has
prohibited the sale of Paris Exhibition Lot-
tery tickets in Alsace.

URGING A NEW TREATY.
LONDON, Oct. 11.—A dispatch from Buch-
arest says Russia is urging Rumania to
sign a new treaty, contrary to the treaty of
Berlin, granting the passage of Russian
troops through Rumania for the minimum
period of two years.

TROUBLE AT NINGPO.
SAN FRANCISCO, Oct. 11.—The steamer
Belgia, from Hong Kong, has arrived. There
has been a serious disturbance at
Ningpo, the inhabitants having refused to
submit to the exactions of the local Man-
darin.

SPANISH AMERICA.
Correspondence National Associated Press to Star.
PANAMA, Sept. 24.

Panama.—The news from this Republic is
barren of interest. The Assembly of the
State of Santander was opened on the 15th
inst. General Solon Wileh was declared
elected as the constitutional priest of the
State. The Assembly of the State of Mag-
dalena was convened September 1st.
There is nothing from the State of Panama.
The Republic continues in peace.

COSTA RICA.—The anniversary of the Declara-
tion of Independence was celebrated with
much eclat, the President and Senate hav-
ing given an additional stimulant to the
occasion. Railroad matters progress slowly.
The Government insist on running the
railroad themselves, and having but little
knowledge of railroad matters, it causes
delay. Rain fell September 17th, for the
first time since March last. There is much
complaint owing to the scarcity of water.
The total shipments of coffee by the Pacific
Mail steamers on through bills of lading for
Central America to Europe and the United
States from January 1st, 1878, to September
15th, 1878, aggregate 190,356 sacks, or about
12,000 tons. The crop in Central America
last year was a failure. The coming season
promises shipments largely in advance of
any previous one.

Peru.—Don Manuel Pardo has assumed
the position of President of the Panama
Senate. The internal debt of Peru on July
31st, 1876, amounted to \$24,723,581 69, and
on the 31st of July, 1877, this debt was re-
duced to \$18,094,511 71. The external debt
of the Republic amounts to date to \$204,832,-
587 05. The British ship Rest, which sailed
from San Francisco with machinery for the
Curro De Pasco Mines, arrived at Callao Sep-
tember 9th. Business generally shows
signs of improvement.

Chili.—The usual number of assassina-
tions and robberies are reported for this Re-
public. The session of Congress has been
postponed for another month. Reports by
telegraph of a serious uprising of Indians in
Aranco have been received. According to
the local papers a discovery of silver of fabu-
lous richness has been made in Plaza de
Armes, of Los Andes. It is reported that
the Minister of War intends to propose to
Congress the increase of the artillery regim-
ent by two companies, the present force
being inadequate to the service.

Nicaragua.—The Nicaragua Steam Naviga-
tion Company's Works were destroyed by fire
August 18th, together with stores of all
kinds for the use of the Company. The fire
originated from the careless use of kerosene.
The loss is estimated at \$15,000; uninsured.
General satisfaction is expressed on account
of the renewal of relations with Costa Rica.

Charles Blake, Brooklawn, and Mary, daughter of
youngest daughter of Dominick Blake Leonard,
the Mall House, Tuam.

Half-yearly meeting of the Downpatrick, Dun-
drum, and Newcastle Railway Company was held
on September 10th. The report showed an increase
in the number of passengers, but a slight falling
off in the goods traffic, which was ascribed to the
bad harvest and depression of trade.

Ballinacree Agricultural Society has been estab-
lished for over forty years. The annual show,
which came off on the 26th of September was one
of the most successful in history held by the society.

WASHINGTON CITY.

Mrs. Jenks Not Provided For.
National Associated Press to the Star.

WASHINGTON, Oct. 11.—The assertion that
Mrs. Jenks has been appointed to any position
under the Government is not true.

One of Butler's Amendments.
In the House of Representatives, June
6th, 1870, while the Funding Bill was being
pressed to its passage, Hon. B. F. Butler, of
Massachusetts, moved to amend Section 4
by adding the words, "And the United
States also solemnly pledges its faith to
make provision, at the earliest practicable
period, for the redemption of United States
notes in coin," which amendment was dis-
agreed to, though Mr. Butler voted in the
affirmative.

MOONSHINE IN ARKANSAS.
The Law to be Enforced at All
Hazards.

National Associated Press to the Star.

WASHINGTON, Oct. 11.—Acting Commis-
sioner of Internal Revenue Rogers this
morning forwarded the following telegram
to Collector Edward Wheeler at Little
Rock, Arkansas:

It is decided not to invoke the aid of mili-
tary force to enforce the laws until you have
exhausted all other means. You are
authorized to employ as large a force as you
think necessary to enable you to seize the
stills and secure the arrest of the offenders
referred to in your letter of the 3d inst. If
you can not arm the force inform me
what you need, and arms will be ordered
from here. Call upon the Marshal to assist
you with all the means at his command.
Organize a force large enough to overcome
resistance without bloodshed, if possi-
ble. Act promptly and vigorously, and en-
force the law at all hazards.

McManus and O'Neil, the doomed Mollie
Maguires, have been refused a new trial at

fever in Tuscumnia except refugees.
[Signed] W. F. BRANCKNEY,

AN INCREASED DEATH LIST.
NEW YORK, Oct. 11.—Latest dispatches
from the yellow fever centers show an
increased death list. There is a gradual
spread of the disease in Tennessee. The
malignancy of the fever, however, appears
to be moderating, but the number of new
cases is very large.

VICKSBURG, Oct. 11.—30 cases of fever are
reported at King's Point, 12 miles above
here. The weather here yesterday was
dismal, and the people discouraged. Six

lect clothing for the yellow fever sufferers
in the South. Through every street that

THE METROPOLIS.

Tumbling to Talmage.
National Associated Press to the Star.

NEW YORK, Oct. 11.—The Sun says that
Rev. Mr. Talmage, of Brooklyn, explains
that he started his college in order to turn
out the Daniels, Elihu, Joshua, John
Wesleys and John Knoxes.

A special meeting of the Congregational
Trustees of the Talmage Tabernacle was
held last night and the pastor's salary in-
creased from \$7,000 to \$12,000 per annum.

Irreverent Ghoul.
A letter published here to-day says the
remains of the gallant soldiers who met
their fate on Little Big Horn still lie un-
buried, and worse still, that the most con-
scienceless of all ghouls, the relic seeker,
has some times turned into trinkets the
bones of the brave fellows whom even the
savages of the prairie mention only with re-
spect.

Porter Corners McDowell.
Gen. McDowell's testimony in the Fitz
John Porter inquiry, yesterday, was ex-
ceedingly important. He has corrected a
mistake in dates in his pamphlet on the
case, which has gone unchallenged for six-
teen years, and which has placed General
Porter in a very false position. It is a most
important point for the defense, and as a
morning paper says, Porter seems to have
Gen. McDowell in a corner.

purchased by the Atchison, Topeka & Santa
Fe Railroad.

WASHINGTON, Oct. 11.—The rioters at St.
Croix are under control. About two hun-
dred and fifty were killed and all the busi-
ness houses in Fredericksburg were burned.

NEW YORK, Oct. 11.—A Tribune Wash-
ington special says General Sherman says the
stories recently circulated about the sup-
posed unhappiness in his family, owing to
his son's entry into the priesthood, are lies
from beginning to end.

SPOTTED SEA TROUT.—The sea trout,
spotted all over from gills to extreme end
of tail, were taken in unusual numbers last
week, on both ocean shore and sounds. They
are a species of blue-fish, shaped and appear
like them, except the spots, which are dark
and the size of a dime. This fish is so rare
here that many of our oldest fishermen
have only seen a half dozen in their lives.—
